

## **CARE IN SHEPPERTON**

***For a quarter of a century  
Shepperton's had 'Care'.  
Who would have thought it possible  
It's still operating there?***

***The drivers' days are pretty full;  
They fulfil a real need.  
The fact the work's rewarding  
Is what they've all agreed.***

***They go to all the hospitals  
And to the SHC,  
To hairdressers and dentists,  
Whate'er the task might be.***

***Duty officers stay at home with,  
In the mornings, lots to do.  
Sometimes it gets so frantic that  
They can't get to the loo!***

***Our clients all appreciate  
The service we provide,  
And for sure our reputation  
Has spread both far and wide.***

***There's one person we must mention  
Who has worked so tirelessly;  
Our success is largely due to her  
And her name is Marilyn B.***

***So here's hoping we continue  
For twenty five more years.  
Now let's raise all our glasses –  
Bon chance, well done and cheers!***
